

Manor Farm, Castle Eaton

FARM SALES

The Castle Eaton Estate Sales, comprising sales at Manor and Blackford Farms and Lushill Farm, called on account of the dissolution of partnership between Messrs Archer and Pike, are undoubtedly two of the most important sales to be held in the County this Michaelmas. The whole of the stock, both live and dead is exceptionally good and much above average. The Auctioneers therefore are unable to differentiate between the various classes of stock, but have every confidence in advising buyers to attend these sales, when they will undoubtedly be well suited.
