

## A Grand Effort

Christmas festivity was not allowed to pass by without leaving some trace of good being done. It was decided to run a darts board subscription list and Mr. W. Destain was entrusted with the task of interviewing the parishioners. He collected the grand sum of £5 3s 9d. This has been forwarded to a London newspaper fund and the following reply has been sent to Mr. W. Destain: "Many thanks indeed for your letter received enclosing £5 3s.9d. This is a grand effort and I would like the inhabitants of your village to know how very much this is appreciated by this fund. The first six boards with six darts each will be dispatched with inscriptions attached as requested at once. - Yours etc. H. J. Robinson." The first six darts boards will be dispatched to the following: - Private Frederick Goodenough, Lance Corporal John Goodenough, Private Charles Fell, Private Frank Fisher, Private William Jardine, Able Seaman Jack Lewis and Petty Officer Frank Matthews. This will leave a balance of £2 10s.9d. and it is the desire of the Compton subscribers that the fund should use the money and to send extra boards where they are most needed.
