Balancing Heritage & Innovation

This innovative and exciting project will breathe new life into the 12th century church of St. Mary the Virgin, Devizes, making it a much used, dynamic environment that will encourage and support a wide variety of activities...

Inside the Church

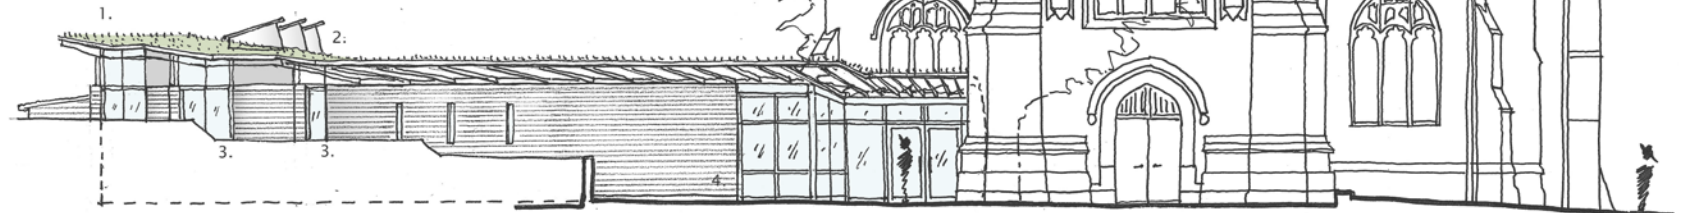

While retaining the chancel for regular worship, the nave of the church will be opened out and fitted with moveable seating to provide a flexible, multi-use space.

The Facility

- ◆ Performance space for audiences of up to 260
- ◆ Conference facilities with audio-visual equipment
- ◆ A circulation area and three break-out rooms
- ◆ Flexible seating suitable for a wide range of events, receptions, exhibitions, music and drama
- ◆ Office space with fully integrated IT services suitable for hot-desking

The Cloister

This new extension, to be constructed in the churchyard, will house a reception area, meeting rooms, disabled toilets and facilities for catering, storage and administration, making it an ideal resource for businesses and community groups.

“ It has the potential to be a wonderful initiative that will benefit the whole community in Devizes as well as the many Wiltshire-wide organisations that visit the town. ”
~ ~
Claire Perry, MP
