#### Wiltshire Men and the War

We announced last week our intention to publish as complete a list as it is possible to obtain of the men of Wiltshire who at this great crisis are serving in any of His Majesty's Forces on sea or land. We invited in the carrying out of that formidable task the cooperation of the relatives and friends, of the parochial authorities, of our correspondents and agents, of central organisations, and of all others who could assist in making the list complete. We have now to acknowledge, with thanks, that we have received (and continue to receive at the moment of writing) that co-operation. We hope to complete the list as far as possible next week, and it will then be on record for future generations as a register of those men from Wiltshire who in the hour of the Empire's gravest need, and at a time when civilisation itself in its highest form was threatened, came to the succour of both.
