

Situation Wanted

The housekeeper of a clergyman, lately deceased, wishes to obtain a similar situation. She has been accustomed to have servants under her, and has a thorough knowledge of domestic duties, having lived in her late Master's service nearly twenty years. The most unexceptionable references can be given. A Single Gentleman or a Family without Children would be preferred.

Letters addressed (post free) to A. B. Fittleton School-house will be duly attended to.
