

Great Wishford School

Evening Continuation School

The scholars attending this school were entertained to supper on Tuesday by the master, (Mr. W. Hatfield). A very pleasant and agreeable evening was spent, and the boys thoroughly enjoyed themselves. The Rev. F. W. Macdonald, Mr. Lever and Mr. Plowman were also present, and with Mrs. Hatfields' assistance greatly contributed to the evening's enjoyment.

The rector in a nice address showed the benefits to be derived from these schools. At 10 o'clock the company separated with thanks to the host. The school has been well attended during the session, and it is hoped the school gardens will prove attractive.
