

## Wishford Oak Apple Club - The 74 Founding Members

Following a Charter of 1603, Wishford inhabitants had certain rights to collect wood in Grovely Woods, since time immemorial.

Following disputes over the years, The Wishford Oak Apple Club was set up in 1892, to defend the rights in Grovely, of the people of Wishford, to go to Grovely as frequently as they please to collect and take away as much dead or fallen wood as they can carry or haul away in a wood cart. Also, to cut green wood, no larger than the size of a man's arm, on May 29th each year, and similarly, to remove this wood. In order to do this and to maintain their rights, the inhabitants of Wishford had to go to Grovely at dawn on May 29th each year, and cut a green bough and bring it back to the village to stand it outside their house for the remainder of the day. They then had to go " in a dance" to Salisbury Cathedral, and assemble before the main alter, where the Rector of the parish would read the relevant part of the Charter of 1603, after which, the people make their claim by loudly shouting "Grovely, Grovely, Grovely and All Grovely.
