

School Entertainment 1904

Wishford - School Entertainment

This long-looked for event was held on Wednesday evening, the room being well filled with the parents and friends of the children. Everything went off very well and reflected the greatest credit on the teachers and children. It showed the great amount of interest taken in this entertainment.

The infants' part of the programme was especially good, and the "Wreath Drill" by 12 girls conducted by Miss Dora Young was done faultlessly. The Topsy Turvy song by Miss Scott's class was very amusing and "The Awkward Squad" was a good finish. The singing of Miss E. Plowman is most promising, and the playing of both A. Gough and F. Mundy was done well.

At the close hearty cheers were given for Mr. and Mrs. Hatfield, the teachers and children. Mr. Hatfield takes this opportunity of thanking all who helped make the concert a success, especially recognising the help so ungrudgingly given by Messrs. Scott and Lever who had taken great pains to make the stage look nice, also the managers for the use of the room, the rector and others for the loan of the many things needful on these occasions.
