Wishford Annual School Treat

On Thursday, the 14th inst, the children of the schools at Wishford were kindly entertained by the rector (the Rev. E. Hill) to an excellent tea on the rectory lawn. After doing ample justice to plum cake and other good things provided for them, they dispersed to their several games. An efficient band was in attendance and greatly added to the mirth of the evening. Some good dancing was enjoyed till darkness bid them disperse to their own homes. **Salisbury Times, Saturday, 23 August 1879**
