A sad accident happened at Chicklade on Friday November 20th to Walter, son of Mr Charles Blandford, painter and glazier of Hindon. He was driving a pony can cart from Chicklade to Berwick laden with bags of dust. One of the bags fell off, causing the pony to take flight. The lad was thrown out, and one of the wheels passed over his left leg, breaking it. He was at once placed under the care of Dr Young of Hindon, who set the limb. **Western Gazette Friday 4 December 1874**
