

Cricket Match

Royal Agricultural College, Cirencester v. Marlborough College

This match was played on the R.A.C. ground, Cirencester, on Wednesday May 6th, and resulted in the defeat of the Marlborough by 6 runs. The weather was unfavourable, being cold and windy. Unfortunately for Marlborough, two of their bowlers, Messrs, Reade and Phelps, were unavoidably absent from illness. The fielding of the Marlborough was good, and Mr Morley distinguishes himself as a true cricketer; while on the R. A. C. side, the batting and bowling of Messrs Jones, Brown, and Phipps were deserving of praise, especially the latter, whose steady play decided the game.
