

Parish News 1850-1899

1874

It is proposed to raise by public subscription a sum sufficient to provide the members of the Melksham Fire Brigade with helmets and other articles necessary to be worn at fires. The amount required is estimated to be from £40 to £60. The captain, Mr. Jones, will shortly bring the list before the notice of each householder, and we hope the appeal will receive that liberal support which it deserves.
