New Bells For The Tower To Celebrate Marriage

It affords us much pleasure to notice, that by the very liberal gift of Octavius Malet, Esq., son of the late Sir Charles Malet, Bart, of Wilbury House, in the parish of Newtontony, two new bells have been added to those before in the tower of the lately-erected and much admired church. The whole of these sent forth their first merry peal on Thursday, the 27th ult., on the joyous occasion of the marriage of the younger daughter of the venerable Rector.
