Inquest on Edward Haines

An inquest was held by Mr. Wilson, at Semley, on the 16th inst., on the body of Edward Haines, a farmer, aged 60 years. The deceased was ploughing in a field in his occupation, on Monday last, when it appeared that he suddenly fell down and expires. He had complained of shortness of breath for some time past. Mr. Foot examined the body, and was of opinion that he died of apoplexy. Verdict, "Visitation of God."
