The table below has been compiled from printed information and notes made on the programme some final positions have not been recorded by the original owner of the programme. Please note that only initials are given for the officials and girls. Boys are recorded by surname only in most cases. Here are more pencil notes that have not been transcribed as unable to read as illegible in some instances or unable to deduce the significance of the note so not included as and when they occur. They may be the accumulative points totals for each house after each event. There seems to be final figure at the end of the programme.<sup>5</sup>
