10TH December 1986

Dear Sir

Rights of Way – Parish of Stratton St Margaret

I refer to your letter dated 22nd October 1986 addressed to the County Surveyor which has been passed to me to reply in respect of the Reviews.

I return herewith the copy documents which arrived with your letter and which I identify as follows :-

- Marked 'A' this is the provisional Definitive Map which became the Definitive Map in 1958.
- 'B' shows the changes proposed at the First Review on 1st September 1958 and is stapled to the schedule of changes involved.
- 'C' appears to be a copy of the Definitive Map as it would be at the completion of the Review with certain post review amendments.
- 'D' like 'B' shows the changes proposed at the Second and Special Review on 31st May 1972 and published on 30th November 1972.

The mapping of Stratton St. Margaret Rights of Way post the Second and Special Review is nearly complete. You should be in possession of some of the new map and definitive statement which is being constantly up dated. Perhaps if you have any queries you would contact either Mr. Andrews or Mrs B Burke of my department.

Yours faithfully

*N. A. Smith*

County Secretary & Solicitor
