

## School Managers

The alteration of the week of the meeting does not appear to be beneficial to the Senior School as out of 15 Managers only four attended the meeting on Tuesday last. As under the regulations one-third of the Managers were required to form a quorum, no business could be transacted. However, in order to keep the Managers up to date, the correspondence since the last meeting was read, in which the suggestions of the Managers had so far been approved. The Managers then sat as the body responsible for the Stratton Junior and Infant Schools, as in this body three Managers could form a quorum. There was not much business to transact, but it was interesting to note that the increased payment for the use of the Old National School had been approved. This was now £87 per annum, including cleaning, but the cost of gas and water had to be borne by the Barking Education Committee. The Managers present were:- Mr. A. G. Keene (chairman), Mrs. M. Birds and Mrs. A. F. Brooks, assisted by Miss Van de Weyer, representing South Marston, with the Correspondent (Mr. John Cox) and Head Teacher (Mr. H. W. Brice).
