Sutton Mandeville Mill

Located: Sutton Mandeville, Wiltshire

Grade II - Listed 27th July, 1985

Mill on River Nadder with attached cottage. Late C18 mill, early C18 cottage. Mill is Flemish bond brick with half-hipped tiled roof, cottage is dressed limestone with collapsed thatched roof. Mill of single storey with basement and loft, 2 windows, planked door in chamfered wooden case to right, two 2-light leaded casements to left; all segmental-headed openings, basement has one 2-light casement and one larger segmental-headed opening, mill race runs through square-headed opening. Left return has 3-light casement to main floor, 2-light to attic and larger segmental-headed opening to basement. Rear has 2-light and 3-light casements.

Interior retains complete mill machinery for milling flour with water power, includes cast-iron water wheel minus paddles, cast-iron gearing wheels with iron or wooden pegs, 2 sets of millstones and wooden equipment such as hoppers and chutes. Partly collapsed attached cottage of one storey and attic; two 2-light recessed chamfered mullioned windows. Right return of mill which is attached to cottage, also partly collapsed at time of survey (March 1985). Mill ceased to operate during 1940s.
