Commonwealth War Graves Commission Headstones

The Defence Department, in 1920/21, contacted the next of kin of the deceased World War 1 soldiers to see if they wanted to include a personal inscription on the permanent headstone at St. John the Evangelist Churchyard at Sutton Veny. Space was reserved for 66 letters only (with the space between any two words to be counted as an additional letter) & the rate per letter was around 3 ½ d (subject to fluctuation).

The expense in connection for the erection of permanent headstones over the graves of fallen soldiers was borne by the Australian Government. *(Information obtained from letters sent to next of kin in 1921)*

A letter from Base Records to Mrs O. M. McPherson of 8 Pitt Water Rd, Manly, dated 26th July, 1921, advised that a communication from the Defence Department concerning an inscription that could be placed on her late husband's Headstone in the Churchyard of Sutton Veny had not yet been replied to. The letter advised that if no reply was received within 21 days, it would be taken as indicating that no further action was required.

Pte Angus Cameron McPherson does have a personal inscription on his headstone.
