

Swindon's MP - William Wavell Wakefield

Mr. W. W. Wakefield, MP for Swindon, who recently returned from a 20,000 miles flying tour of flying training "schools" in Canada and America, spent a busy week-end in his constituency. A host of problems and difficulties, most of them relative to war-time conditions, was brought to his notice by the many members of the public whom he received in private interview at Newspaper House. Subsequently he made a number of "calls" and addressed small groups of constituents.
