Whiteparish

1800-1849

1817

A few nights since a stavel barn, situate in a field at Winterslow, near the Hut, belonging to Mr. Robert Cooper, was broken open, and four bushels of wheat, the contents of a sack standing therein, were stolen therefrom. The sack was not taken away, but left empty on the floor. A granary standing near the barn was also broken open the same night, but as it contained only horse corn, nothing was stolen from it. We are sorry to add that the offenders at present remain undetected. **Salisbury and Winchester Journal, 14 April 1817**
