The Editors regret that there has been unavoidable delay in the production of this volume ; but they feel confident that the subscribers will exonerate them when the many and various duties which fall to the lot of the clergy in country districts, and the extent to which this work is dependent upon the good offices of the clergy, are considered. Another cause of delay has been the regretted death of Mr. Abraham Coleman, of Swindon, whose interest in, and knowledge of, the Registers of his own district was most valuable to the Editors, and whose help was freely and constantly given. Mr. Coleman had undertaken the collation of the transcript of the Chisledon Marriages at the time of his last illness.

This volume contains the Marriage Registers of seven parishes ; four of which commence in the sixteenth century, and three in the seventeenth, making in all fifty-three Wiltshire parishes, the Marriages of which have now been printed. These are :—

Thanks are due to the Rev. D. Percy Harrison, the Rev. F. H. Manley, the Rev. J. A. Sturton, and the Rev. W. Symonds, who have made transcripts of their own or other Registers; to Mr. Victor J. Moulder, to Mr. J. H. Parry, and to Mr. T. H. Baker for the transcription of the Marriages at Chisledon, Beechingstoke, and Idmiston respectively.

The Editors desire to thank the clergy who have so kindly allowed these transcripts to be made and printed. Their names are mentioned under the respective parishes.

The next volume will contain the Marriage entries in the Register of St. Martin's, Salisbury, which will possess a general rather than a merely local interest.

The Editors desire to point out that the transcripts printed in these volumes are not "evidence" in the legal sense of the word. Where such "evidence" is required application must, as heretofore, be made to the clergyman of the parish in whose custody the Registers are.

## Wiltshire Parish Registers.

# Marriages at Chisledon,

1641 to 1812.

NOTE.—With this parish is amalgamated, for ecclesiastical purposes, the parish of Draycot Foliat.

The Registers before 1813 are contained in six volumes. The first, about 14 in. by 10 in., is in very fair condition, well written on parchment, bound in leather. Some leaves are loose; there are several blank spaces in the early part of the book and a large piece has been cut out of the first page. The volume commences with the year 1641, and the last Marriage entry is dated 26 February 1754. From 1669 to 1712 there are no entries, and as there are apparently no leaves missing, the gap must be attributed to neglect.

Volumes II and III contain no entries of Marriage.

Volume IV is made up of the usual printed forms. It is fairly written, and contains entries of Banns from 3 November 1754 to 1 June 1794, then Marriages from 16 October 1788 to 19 June 1794, and, lastly, Marriages from 18 July 1754 to 29 September 1788.

Volume V is a similar book, containing Marriages from 22 October 1794 to 19 November 1812, and, in the latter part of the book, the Banns.

Volume VI is foolscap size, parchment leaves, in good condition and leather bound. It contains entries of Baptisms and Burials from 1803 to 1813.

These transcripts have been made by Mr. Victor J. Moulder, with the kind permission of the Rev. W. L. Waugh, Vicar of Chisledon, and Curate-in-Charge of Draycot, by whose permission also they are printed.

# Marriages at Lydiard Millicent,

1580 to 1837.

NOTE.—Of the Registers of this parish five contain the entries of Marriage prior to 1 July 1837.

Volume I is a parchment volume of sixteen leaves, bound in limp parchment, with the front cover missing. The earliest entries, before 1646, are copied from an older book; at the beginning of the Baptisms is a note: "Baptismes as they were found in an old Church booke"; and at the beginning of the Marriages there is a similar note, not quite decipherable. The Marriages commence on 29 October 1580, and continue till 1666, with one entry of 10 January 169[1-2?]; the Baptisms and Burials are entered down to 1696. The book is very dilapidated, and the writing in places quite illegible; two of the leaves have about a quarter cut away. There is a gap of thirty years between the Marriages in this volume and the next, not counting the entry of 10 Jan. 169-.

Volume II begins on 11 April 1697, and runs to 30 January 1753; but there is a gap between 1726 and 1740. This volume contains also entries of Baptism and Burial.

Volume III begins on 31 March 1755, and ends on 27 February 1794.

Volume IV begins on 12 October 1794, and ends on 20 October 1812.

Volume V begins with an entry that no Marriages were solemnized in 1813 or 1814, and ends on 12 June 1837.

These transcripts have been made by the Rev. D. Percy Harrison, Rector of Lydiard Millicent; they have been collated with the originals by him, and are printed with his kind permission.

# Marriages at Minety,

1663 to 1812.

NOTE.—The Marriages at Minety are contained in four volumes.

Volume I is a parchment-bound book of thirty-eight parchment leaves, 12 in. by  $7\frac{1}{4}$  in. The first fourteen leaves contain Baptisms from 1663 to 1696, the next ten Marriages from 1663 to 1713, and the next twelve Burials from 1663 to 1698. On the last two leaves, one of which is mutilated, are notes of (i) induction of Richard Browne, M.A., by Mr. Thomas Hodges of Rodbourn Chenie, 31 Jan. 1662; (ii) presentation of Rev. Mr. Jackson by Robt. Woodward, Archdeacon of Wilts, Dec. 1681; (iii) presentation of Godfrey Jenkinson by the same, 30 March 1682; (iv) presentation of W. Fifield by Rev. Cornelius Yeates, Archdeacon of North Wilts, 20 August 1705, inducted by Ed. Cuthbert, Rector of Cricklade St. Sampson; also a Terrier, dated 4 December 1677, of the Glebe land belonging to (i) the Vicarage, and (ii) the Parsonage of Minety.

Volume II is a book of fifty-three parchment leaves in limp parchment boards,  $14\frac{3}{4}$  in. by  $4\frac{1}{2}$  in. The first fifty-seven pages contain Baptisms from 1697 to 1756, then follow six pages of Marriages from 1741 to 1753, then six pages of Burials from 1747 to 1753, then twenty-four pages of Burials from 1700 to 1746, and then eight pages of Marriages, in irregular order, from 1714 to 1740. On the last page but one is a Terrier of Glebe lands, etc., of the Parsonage and Vicarage of Minety, dated 17 December 1704. On last page is note of institution of Rev. Mr. Stebbing, on 25 Aug. 1747, and induction 13 September 1747.

Volume III is a book of twenty-nine parchment leaves of printed forms, in leather boards,  $13\frac{1}{2}$  in. by  $8\frac{1}{2}$  in., entitled: "A Marriage Register Book printed for the Parish Church of Minty 1754. Joseph Maskelyne and John Hiscock, Churchwardens." The entries are badly written, and often leaves, etc., are left blank. They extend from 1754 to 1792.

Volume IV is a book containing 30 leaves of printed forms,  $14\frac{1}{4}$  in. by  $9\frac{1}{2}$  in., in leather boards. Only eighteen and a-half of the leaves are filled in. The entries are from 1792 to 1812.

The marriage entries from the few Bishop's Transcripts still remaining at Salisbury are affixed.

These transcripts have been made and collated with the Registers by the Rev. F. H. Manley, Rector of Great Somerford, and are printed with the kind permission of the Rev. T. Ludlow Hewitt, Vicar of Minety.

# Marriages at Market Lavington,

*alias* Lavington Forum,

1673 to 1812.

NOTE.—The Marriage Registers of this Parish prior to 1813 consist of four volumes.

Volume I, commencing in 1673, contains entries of Baptisms and Burials as well as Marriages. There is a blank between February 1739-40 and October 1742; otherwise the Register appears to be complete until October 1745.

Volume II begins on 30 March 1746, and ends on 11 February 1754. This also contains entries of Baptisms and Burials as well as Marriages.

Volume III is made up of the usual printed forms, and contains entries of Banns and Marriages only. It commences in 1754 and ends in 1792. The entries of 1775-7 are very irregular as regards date; and, in the numbering of the pages, "62" has been omitted.

Volume IV is similar; it begins in 1792 and ends on 31 December 1812.

These transcripts have been made by the Rev. J. A. Sturton, B.A., and the Rev. W. Symonds, M.A., both, at the time, of the Society of St. Andrew, Salisbury. They have been collated with the originals, and are printed with the permission of the Rev. J. A. Sturton, now Vicar of Market Lavington.

# Marriages at Beechingstoke,

1590 to 1812.

NOTE.—The Marriages in this Parish prior to 1813 are recorded in four volumes.

Volume I is of parchment, and contains the entries from 29 June 1590 to 28 July 1678.

Volume II is of parchment, and commences with the repetition of the entries in the previous book from 1671. It remained in use until 30 March 1740.

Volume III is also of parchment, and begins with a repetition of the last two entries in Volume II. It ends with an entry on 18 March 1754. This book, like the two preceding ones, contains entries of Baptisms and Burials as well as Marriages.

Volume IV is made up of the usual printed forms then adopted; it is of paper, and contains the entries down to the end of 1812.

These transcripts have been made by Mr. J. H. Parry; they have been collated with the originals by the Rev. H. E. Tilney Bassett, the Rector of Beechingstoke, and are printed with his permission.

# Marriages at Woodborough,

1567 to 1837.

NOTE.—The Marriage entries in these Registers before 1 July 1837 are contained in five volumes.

Volume I was in use from 30 January 1567/8 to 22 March 1659/60.

Volume II from 1 February 1663/4 until 5 October 1703; and

Volume III from 1 May 1709 until 14 February 1754.

Volume IV contains no Marriage entries.

Volume V contains those between 9 December 1754 and the end of 1812; and

Volume VI those between 1 January 1813 and the end of June 1837.

There are gaps between Volumes I and II and Volumes II and III, but it need not be assumed in consequence that any Marriages have been omitted; gaps of two or three years are frequent, and one of ten years without an entry occurs in Volume I.

These transcripts have been made by the Rev. J. A. Sturton; they have been collated with the originals, and are printed with the permission of the Rev. C. W. Hony, Rector of Woodborough.

# Marriages at Idmiston,

1577 to 1812.

NOTE.—The Marriages at Idmiston prior to 1813 are contained in five volumes.

Volume I is in parchment covers, measuring 12 in. by  $6\frac{1}{2}$  in., and is clean and well preserved. The first part appears to be a transcript of an earlier book, for there is a statement that the Baptisms, Marriages, and Burials at "Idmeston, Porton, and Gumbleton," from 1577 to 12 October 1599, were "ingrossed by Richard Griffith Clarke . . . nowe vicar of Idmeston." The Rev. Richard Griffith was vicar in 1599. The Marriage entries run from 1577 to 14 July 1653.

Volume II is in leather covers, measuring 15 in. by  $3\frac{1}{4}$  in., and contains entries of Baptisms, Marriages, and Burials from March 1653/4 to December 1701.

Volume III measures 12 in. by 12 in., and commences in January 1701/2. The entries are arranged in parallel columns. Baptisms and Burials end in 1769, Marriages in 1753.

Volume IV commences in March 1755; it is made up of the usual printed forms, and contains the entries down to the close of 1812.

Volume V is a "Marriage Register Book for the Chapelry of Porton in the Parish of Idmiston," commencing in June 1754; and contains the entries down to the end of 1812.

These transcripts have been made by Mr. Thos. H. Baker; they have been collated with the Registers, and are printed with the permission of the Rev. G. M. Youngman, Vicar of Idmiston with Porton.
