This volume, the ninth of the Series, contains only the Marriage Registers of the large and important parish of St. Martin, Salisbury.

The church of St. Martin is the oldest in Salisbury ; it existed before the transfer of the See from Old Sarum, and is considered by some authorities to have been the parish church of Milford, which then included the whole of the site of New Sarum, and extended to the boundaries of the old City. Soon after the transfer, when New Sarum began to grow, other parishes were formed, and much of the City was taken from St. Martin's, but the outer limits seem to have been left unaltered ; practically the whole of Milford was included in it until the close of the nineteenth century. It is a question for antiquaries to decide whether St. Martin's Church was at the beginning of the thirteenth century the parish church of Milford ; there is little doubt that it already existed, and it may be remarked that it stands outside the original boundaries of the City.

In addition to the gap of twenty-three years mentioned in the Note on page 1, the Registers are very incomplete at two subsequent dates ; there are only three entries between August 1646 and January 1653/4, one in each of the years 1649, 1651, and 1652 ; and again after the end of 1657 there are only three entries before 26 March 1661 ; but from the latter date the entries are again normal. With these exceptions the Registers may be described as complete from 1559 to the present day. It is perhaps unnecessary to say that where St. Thomas, St. Edmund or the Close is mentioned without further description in these Registers, Salisbury is to be understood in addition. From an early date in 1690 the parishes to which the parties married belonged are more or less regularly entered, and a note inserted at that date explains that where no parish is mentioned that of St. Martin is to be understood ; but in the frequent cases where none is entered in the Registers an asterisk * has been inserted to mark the deficiency.

The Editors hope to print the Marriage Registers of St. Edmund's before long, and thus complete the Series as far as Salisbury itself is concerned. There have been printed already the Marriage Registers of the Cathedral (Volume VII) and St. Thomas' (Volume V), which with St. Martin's and St. Edmund's included the whole of the City during the time with which this Series deals.

The Editors desire to express their thanks to the Rev. Canon Myers, Rector of St. Martin's, for allowing these Marriage entries to be transcribed and printed. The work of transcription has been carried out by Mr. T. H. Baker.

It must be mentioned that these transcripts are not "evidence" of marriage in the legal sense. Where such "evidence" is required application should be made to the Clergy, in whose custody the Registers are, for a formal certificate.

The Editors will be greatly obliged for further assistance in the transcription of Registers, as it is only by such voluntary aid that the work can be carried on, and what still remains of those valuable records preserved to posterity.

Salisbury—St. Martin	...	1559-1812	I

Wiltshire Parish Registers.

Marriages at Salisbury

(Parish of St. Martin),

1559 to 1812.

Note.—The Registers of this Parish are complete from 1559, but there is a gap early in the seventeenth century—as regards Marriages from 22 April 1607 to 13 May 1630—and the entries are comparatively few during the Commonwealth. The Marriages are contained in nine volumes.

Volume I is of parchment, bound in calf, and well preserved; it contains the entries of Marriages from 17 September 1559 to 16 December 1652, with the exception of the gap mentioned. The earliest entries were transcribed from an older book in 1599.

Volume II measures $13\frac{1}{2}$ in. by $11\frac{1}{2}$ in., and is bound in rough calf. The first entry is dated January 1653-4, and the last 13 April 1702.

Volume III measures $12\frac{1}{2}$ in. by $15\frac{1}{2}$ in.; it is bound in rough calf, and contains the entries from 3 June 1702 to 25 March 1754.

Volume IV is made up of the printed forms then adopted, and contains the entries from 16 April 1754 to 26 December 1758.

Volume V is a parchment book measuring $16\frac{1}{2}$ in. by 12 in., and contains entries of Baptism and Burial as well as Marriage. The Marriage entries run from 27 December 1758 to 6 December 1767.

Volume VI is composed of the usual printed forms, and contains the entries of Banns and Marriage from 29 February 1768 to 21 August 1782.

Volume VII has the entries from 21 October 1782 to 12 February 1788;

Volume VIII those from 3 March 1788 to 4 March 1794; and

Volume IX those from 10 March 1794 to the end of 1812.

These transcripts have been made and collated with the Registers by Mr. Thomas H. Baker, and are printed with the permission of the Rev. Canon Myers, M.A., Rector of St. Martin's.
