Introduction

This is one of a series of 37 CDs, which brings together transcripts of Wiltshire parish records from earliest registers to 1837 for the first time. Previously, baptism and burial transcripts were available from Wiltshire Family History Society and marriage transcripts from Nimrod Research.

Transcribing of Parish Registers and Bishop's Transcripts (BTs) was carried out at the Wiltshire and Swindon History Centre (www.wshc.eu) formerly Wiltshire Record Office from original documents. Every attempt has been made to transcribe the BTs and Registers accurately, but it is advisable to use this publication as a finding aid and check the details, particularly for the early years. Although supplemented by originals, this publication presents the transcribed records in chronological order. If the original records are to be consulted, be aware that they may not be in chronological order.

Records have been taken from both parish registers and bishops transcripts. The text is generally as written in the original document. Where it is not, this is reflected in the notes for each record. You are advised to check all possible spellings. Entries are not necessarily continuous for the periods from the earliest entry, especially in the earlier times.

Readers are advised to consult the *Notes and Abbreviations* section before using the indexes on the CD. Please remember that the registers were the responsibility of the incumbent (or they might have been written by the parish clerk) and the BTs that of the churchwardens, so they may not have the same spellings and abbreviations. Also, succeeding incumbents/ churchwardens may have had different ideas on spelling, so registers or BTs will not necessarily be uniform over time. If names, particularly surnames, for any entry are spelt with a significant difference between the two sets of records, two entries will be made, as also they will for illegitimate children when both parents are named.

Where there is information specific to a parish, that is included in the title page for the parish.

Notes and Abbreviations

- Where a whole word is expected and nothing is recorded in the original, a dash is inserted in the transcript.

... Where a word cannot be read completely, or just one or more characters of a word are indecipherable, three dots will be inserted in the transcript.

There were no standard spellings or abbreviations for names so they are normally transcribed as written. However, if forenames are abbreviated in a register and in full in the bishops transcript they will be transcribed in full and vice versa.

If there are abbreviations in the registers or bishops transcripts and it is not clear what they represent, they are left as in the original. However, if the transcriber is reasonably sure they mean any of the following or if the following are written in full, these abbreviations may be used in the transcript:

son of	s
daughter of	d
child of	ch
wife of	w
smallpox	Sp or sp.

Note: Some registers use p for pox- if we are not completely sure that it is for smallpox, we leave it as p, and the same goes for sp in a burial register - it may have been meant as spinster!

bachelor	bac
spinster	spin
widow	wid
yeoman	yeo
labourer	lab
agricultural labourer	ag lab
reputed father	rep fthr
junior, younger etc	jun
senior, elder etc	sen
Register	Reg
Bishops Transcript	BT
of this parish	otp
Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov, Dec.	
born	b

Note: born will be written in full in the remarks column if the entry is of a birth. If a group of entries are births, this will be given as a heading at the start and "baptisms" as a heading when they resume.

bastard, base born etc	bb [whatever term is used in the record]
base born son/daughter	bbs or bbd
baptised	bap
buried	bur

Pauper will normally be written in full when in full in the register, but if abbreviated in the register to P or p, it may be shown in the abbreviated form if we are not absolutely certain that is what it means. However, P in a burial register may have a slightly different meaning – burial paid for by the parish. This may be because there was no estate and no relative would pay. This is probably also the meaning if the entry has “parish” written by it.

We do not use ‘th’ or ‘st’ after a date in the dates column.

In the earlier registers Mrs in a register often means mistress i.e. Miss, and not a married woman.

The y in “ye” is an old English letter called a thorn – a contraction of th. So “ye” is transcribed as “the”, “yt” as “that” and etc

Copyright

The Copyright owners of this CD are the Trustees of Wiltshire Family History Society, Registered Charity No 290284, and for marriage data, Nimrod Research. Date of copyright may vary but is shown on every page of the data. You may not publish or sell any portion of the data in printed, electronic or any other format without prior written consent. You may not transfer the data into another electronic format.

Wiltshire Family History Society believes that a number of breaches of our Licence Agreement may have taken place following the publication of previous CDs, resulting in our copyright information appearing on the internet with consequent loss of income to the society. This is not a matter of an individual displaying data relating to a particular family on a personal website, but the complete copying of the entire dataset to a website for free or paid access.

The situation in this matter is quite clear; whilst the original registers from which our transcriptions are derived are freely available to anyone to view, and transcribe should they so wish, the Copyright of the dataset on which this transcription is based belongs to the Wiltshire Family History Society, having been vested in the Society by those members who carried out the work, and Nimrod Research.

The Society and Nimrod Research are determined to protect the Copyright of their work and as a result have reluctantly been forced to adopt measures similar to those used by many commercial and governmental organisations for this purpose.

The method that we have decided to adopt is to insert a number of additional, but false, entries within the transcription and indexes. These have been carefully designed in such a manner that they should not impact upon a genuine user of this transcription, but at the same time they should allow us to identify our dataset in the event that it is copied by a third party. We regret the necessity to have to do this, but users of this CD might note that this approach is common commercial practice – The Ordnance Survey inserts, or omits, minor items from their maps; AZ maps deliberately misspell a few street names, whilst BT inserts additional entries in their phone books and directory CDs.

Please do not copy, or allow this CD to be copied, as in doing so you deprive the Society of the money needed to fund its activities, including the transcription and production of data CDs.

If you become aware of this data being publicly displayed, either on the Internet or elsewhere, it would be appreciated if you would contact us at [Wiltshire FHS Publications](#).

About Wiltshire FHS

Introducing Wiltshire Family History Society

The objectives of Wiltshire Family History Society (the Society) are set out in the Society's Constitution and specifically encourage the promotion of family history, which includes Wiltshire ancestry of people worldwide and worldwide ancestry of Wiltshire's residents. A quarterly journal is published and regular meetings are held at branches throughout the county. There is an annual open day, an occasional seminar and the Society's Resource Centre is available for members to consult indexes and other resources. Advice is available from the Resource Centre or at open days and family history fairs at which the Society is represented. The Society is a member of The Federation of Family History Societies, which includes societies in every county of England and Wales and other bodies worldwide.

Family historians seek to build a picture of their ancestors in the setting in which they lived by using all available information. The Society consists of a friendly mixture of complete beginners and experienced family historians and gives an opportunity for all to receive encouragement in their researches.

Membership And Subscriptions

As an educational charity most of the Society's facilities are available to the general public. The primary benefits of membership of the Society through annual subscription are receipt of the Society's quarterly journal, to access the Members Area on the Society's website, the entitlement to vote at meetings and to be eligible for election to posts at Branch and Society level.

Personal membership is through payment of an annual subscription. It confers the right to one vote at Branch and Society meetings as well as to receive a copy of the quarterly journal. An additional family member can be added to the subscription although, as an educational charity, there is no restriction on who can attend society meetings. Institutions, such as libraries and other family history societies, can also join and receive copies of the journal.

From September 2012, membership subscriptions run for 12 months from the time the subscription commences. Subscriptions taken out prior to September 2012 were from 1st April to the following 31st March, unless a member failed to renew within three months.

For renewing membership, subscriptions at the current rate must be paid within three calendar months of the start of the membership expiry. Failure to do so will be taken as the member no longer wishing to be a member and the membership will automatically be terminated. Members renewing after the three months grace will not be entitled to any journals published during that period, although they could view them on the website once they rejoin. Those who have provided an email address may receive an email reminder, although it is incumbent on the member to ensure a subscription is renewed. The preferred method of subscription payment is through the Society's website.

Members' names, addresses and subscription payment details are held in a database, maintained by the [Membership Secretary](#).

This information is used only for the Society's business of membership, accounts, banking, administration and journal distribution. It is maintained in accordance with the provisions of the Data Protection Act, 1998.

Payments To The Society

All cheques for payments to the Society, for subscriptions, research, books, etc must be payable to 'Wiltshire Family History Society'. Overseas members should pay by sterling cheque drawn on a UK bank, or sterling International Money Order obtained from a local bank or post office. Alternatively, payments for publications can be made using debit/credit card via Genfair at www.genfair.co.uk and subscriptions can be renewed through the Society's website www.wiltshirefhs.co.uk.

Donations

The Society welcomes donations, which supplement income from subscriptions and sales. Unless a donation is made for a specific purpose it will normally be used to help the Society to pursue its educational activities and to allay the costs involved with maintaining the Resource Centre and the Society's journal. Donations can be made at any time, to the Membership Secretary or the [General Secretary](#).

Journal

The Society's journal is published quarterly in January, April, July and October. It includes articles about the Society and family history research in Wiltshire as well as items of general interest to researchers. It is posted free to members. Journals to members living overseas are sent through a mailing agent and can take up to five weeks to arrive from publication. All published journals can be viewed on the Society's website in the Members Area. Members can opt to view their journal through the website rather than by post, saving the Society cost and also reducing waste.

The Journal Editor welcomes articles, letters, comments, photographs, illustrations and other suitable items. Email in the first instance. "Help Wanted" entries in the journal are free to members (membership number must be given).

Enquiries regarding non-receipt of journals should be sent to the Membership Secretary and not to the [Journal Editor](#).

Website

The Society's website was re-launched in September 2012. In addition to providing considerable information, it also contains the Society's membership and members' interests databases. Members can log on to the site and both view and amend the information relating to them, including their research interests, which become immediately available on the main site.

Members will get increasing amounts of research material made available to them in the members area, including the Society's journals.

Open Days And Seminars

The Society holds an Open Day, normally annually, which is an opportunity for members to meet other members and the Society's officers, seek advice, purchase books and consult the Society's indexes. A wide range of family history books and publications are for sale by the Society and other attending societies and traders. The main open day is open to the general public and usually held on the third Saturday in June.

A biennial seminar for Society officers is held in September, in conjunction with the Society's Annual General Meeting, and usually includes a talk from an external speaker. Notification of open days and seminars is published in the journal and on the Society's website.

Meetings

Members and visitors are welcome at all branch meetings, where there are usually talks on family history or related topics. The Society's branches meet as below. Research Enquiries And Resources

Members and non-members may make requests to the Society for help with their research. Written requests should be sent to the Research Co-ordinator, c/o Resource Centre, with an SAE. Where relevant, please give alternative spellings of surnames being researched.

A team of volunteers attend the Resource Centre one day each week to answer research enquiries using the Society's own indexes and resources and, if possible, suggest further sources. There is a charge for research of £5 for each hour, or part of an hour. The charge covers postage and photocopying. Research requests are dealt with in order of receipt. All responses are sent by email or post and requests will not be passed to the research team until a full postal address and email address (if used) has been received. Pre-payment is not required as an invoice will be sent with responses. The target is to respond to all requests within six weeks of receipt.

The Society mainly carries out research on sources held at the Resource Centre, examples of which are:

- Wiltshire Surnames Index: an aggregation of over 2.4 million entries from the Society's varied databases, and increasing as parish registers and other records are transcribed by WFHS.
- Wiltshire Friendly Society Enrolments: An expanding stock.
- Wiltshire Censuses: 1841–1901, with some indexes.
- Wiltshire Strays Index: people born in Wiltshire who strayed out of the county.
- Monumental Inscriptions Index: inscriptions found in Wiltshire's burial grounds and cemeteries.
- Non-conformist Index, up to 1837; data from many nonconformist churches and chapels.
- Wiltshire Parish Registers: baptisms and burials up to 1837; about 250 parishes are available (by 2013) and more are being transcribed. Marriages for all parishes
- Goodies and Baddies: names extracted from Wiltshire Quarter Sessions 1722–1859.
- Marriage Licence Bonds: for the Diocese of Sarum.
- Directories: Kelly's, Pigot's, Slater's and Post Office.
- WFHS books & CDs: an expanding collection.
- Hardback Books: many reference volumes and biographies, including Victorian County History of Wiltshire, Wiltshire Record Society publications, Phillimore's Wiltshire Magazines.
- National material: includes Soldiers Died in the Great War, Mormon's, National Burial Index and Owners of Land 1837.

Many of the above records and more are for sale in printed form, or on fiche or CD. Lists are available from the Resource Centre and for downloading from the website, under Publications.

Members' Research Interests

Members' Research Interests are surnames in specific locations, in or out of the county of Wiltshire, being researched by members of the Society. Interests submitted by members will be held in a database and will be published:

In the next available journal, with the member's name, postal address, and e-mail address if supplied.

On the Society's website. The surname interests and a reference number only will be included with the means of establishing contact with the Members' Interests Secretary.

Members can add, edit and delete their interests on-line at any time and the changes will be reflected immediately on-line. Only new interests will be published in the journal.

On-line requests by the public through our website are forwarded directly to the relevant member, where the member has supplied an email address. Otherwise, the Members' Interests Secretary will respond to requests about surname interests and supply the relevant member's name, postal and email address (where known) to an enquirer. It is up to the enquirer to contact the society's member concerned.

Transcribing

The transcribing of Parish Registers and other records is a continuing process carried out by volunteer members at the Wiltshire & Swindon History Centre, Chippenham. Members are invited to join the team where advice on reading old documents is given. Telephone 01380 722893 for details.

Publications; Books, Fiche And CD Sales

The Society has an extensive range of its own publications, in books, on fiche and on CD, such as transcriptions of baptismal and burial registers and many other indexes and documents. Price lists for these are sent out regularly with the journal. Lists are also available from the Resource Centre and the website under Publications.

Publications may also be purchased through GENFAIR - www.genfair.co.uk - an on-line family history fair. Payment is by credit or debit card only. GENFAIR serves an ever-increasing number of family history societies. Full details of its operations are set out within the site.

Online Resources (Pay Per View)

Many Wiltshire records are available on the internet at FindMyPast - www.findmypast.co.uk - where index searches are free, with modest charges to see the relevant entries and documents. Baptisms, burials and memorial inscriptions currently form about two thirds of the near one million Wiltshire records available.

Resource Centre

The Society's Resource Centre holds copies of many records and indexes together with a reference library. There are microfiche readers, a photocopying service and many resources in computer files. A computerised catalogue of the Centre's resources is available for use in the Resource Centre.

The Resource Centre is available to members and non-members who wish to carry out their own research. Access is free. Prior booking is essential. Please contact the [Resource Centre Manager](#), c/o Resource Centre.

Professional Research

The Society is unable to provide members with names of paid researchers. Enquiries of this nature, for Wiltshire, should be addressed to the Wiltshire and Swindon History Centre, Chippenham.

CD Indexes

There are two CD-wide indexes which cover the contents of all the parishes and all of the events on this CD. In addition there are indexes for each parish.

CD Master Index

The CD master index lists all those who were baptised, brides, grooms and all those who were buried. The index order is surname, given names and year. The parish name is included where there is more than one parish transcript on the CD.

The index does not include others connected with events, such as parents or surviving spouse which, when available in the original documents, will be found in the Parish Indexes.

Unique Surname Listing

Because the information on the CD is a transcript, all variations of surnames and given names are recorded as found. This listing provides the unique occurrences of each surname used on this CD.

Parish Indexes

There are indexes within each parish for baptisms, brides, grooms and burials.

CD Master Index

Master Index

Names and given names that are incomplete or only partially legible are indicated in the transcripts by a series of three or more dots or dashes. A single dash indicates that nothing was written for the name or given names.
